⊕ In terms of quality and performance, you will do very well to find anything that can rival the Deluxe III. It is easy to use, reliable and durable

⊖ The stylings of the range – in particular the black and yellow offering – are a touch on the plain side so may not appeal to the more outgoing player

GOLD MEDAL

NIKE Tour Cart II

TECHNOLOGY With 14 full-length dividers, 13 pockets, a putter well and even a rangefinder compartment, there is bags of space for all you need in a round

⊕ This is another bag that exudes quality.

The Tour Cart II is very well made, keeps your clubs in great order, and has plenty of space for anything you could possibly need

⊖ The similarities with the gold-medal-winning Powakaddy continue as the Nike is only let down in the looks department. Our black and silver sample just lacked pizzazz
