## PowaKaddy

Freeway II • £449

(£699 with Lithium battery, as shown)

**Spec:** This is one of the most hotly-anticipated releases from PowaKaddy for some time. And no wonder they're getting all excited at PowaKaddy HQ, because this is a lean, light cart that's loaded with all the mod cons. The soft touch ergonomic handgrip encompasses a multi-functional control pad and display which features the time, distance measurement function, power and speed gauge. It has a powerful 200w motor with a whisper quiet drive to provide exceptional power for all terrains. Available in white/black [powakaddy.com](http://powakaddy.com)

The soft touch handgrip includes a hi-tech control pad

This high tech, lightweight battery is an incredible 75% lighter than standard batteries
